SUMMARY

Dedicated Full-Stack Developer with 7 years of experience specializing in building and maintaining scalable web applications using PHP, Laravel, JavaScript (React, Vue.js), and TypeScript. Skilled in modern front-end development with a strong focus on responsive design, performance optimization, and testing using tools like Cypress. Proficient in both frontend and backend development, with extensive experience in full-stack development, server-side rendering, and A/B testing. Adept at delivering high-quality, maintainable code, and collaborating effectively in cross-functional teams.

WORK EXPERIENCE

Full-Stack Developer, Solar Insure

Remote | Sep 2022 – Present

- Contributed to the development of modular systems using Laravel and TypeScript, enhancing code maintainability and project scalability.
- Integrated front-end testing using Cypress to ensure a robust and error-free user experience.
- Collaborated closely with the development team to implement efficient and secure code following best practices.

Front-End Web Developer, Rare Carat

Remote | Sep 2021 – Sep 2022

- Developed front-end components using Quasar and Vue.js, focusing on server-side rendering to improve SEO and performance.
- Conducted extensive A/B testing to optimize user interface and improve conversion rates.
- Worked on enhancing the overall user experience, resulting in a significant increase in user engagement.

Full-Stack Developer, Accelit.com.au

Remote | Mar 2020 – Sep 2021

- Developed and maintained full-stack solutions for GymVue.net and ThePen.io using Laravel and Vue.js.
- Implemented complex business logic for an education startup, utilizing recursion and database management to enable scalable subject creation.
- Collaborated with stakeholders to ensure project goals were met on time and within budget.

External Information Technology Consultant, United Nations

Part-time | Dec 2019 – Apr 2023

- Developed and maintained Moodle-based e-learning platforms for the ITC Trade Academy.
- Delivered full-stack solutions using PHP, JavaScript, and Bootstrap, improving the functionality and user experience of various educational tools.
- Created and managed online courses, contributing to the education of professionals worldwide.

Full-Stack Developer, Freelancer (Upwork.com)

Remote | Apr 2018 – Mar

2020

- Worked on multiple projects such as Fitness-Artist.com, RemoteAnalyticsJobs.com (now Litzapp), TruckinDigital.com, EVAT.com, Lean Layer, SMS.to, and EmailVerifier.com.
- Provided full-stack development services, focusing on scalable solutions and high-quality code.
- Developed custom APIs, responsive UIs, and integrated third-party services to enhance client platforms.

EDUCATION

Gymnasium "Obala," Sarajevo

2003 – 2007

- Focus on teaching and educational subjects.

Bachelor's Degree

2008 – 2012

- University of Sarajevo
